SAFE FOR

Recreational Ponds,
Horses, Livestock, Birds,
Pets, Fish, Wildlife
and the Environment.

Treats ¼ Acre Pond for 3 Months

12 Water Soluble Packets
Net Contents: 3 lbs • 1.3 kg

Why is PondClear™ so important for my pond's health?

Water clarity problems are caused by rotting vegetation, leaves, twigs and fish waste that have accumulated in your pond. PondClear™ is a special blend of highly concentrated beneficial bacteria designed to promote a clean and healthy ecosystem. PondClear™ works by consuming suspended organics and converting them into an odorless gas that safely escapes unnoticed out of the water column. In just a few weeks after your first application, you will begin to see a noticeable difference in water clarity.

Pc PondClear™ Natural Beneficial Bacteria

HOW TO APPLY: DO NOT OPEN PACKETS!

Packets are to be applied directly to the water. Distribute packets from shore or boat. PondClear™ works best when evenly disbursed across the body of water.

WHEN TO APPLY: Apply every two weeks when water temperatures are above 50° F. Wait three days after an algaecide and/or herbicide treatment to apply PondClear™.

QUICK DOSE CHART

Pond Size (surface acres)	Dosage Rate (every two weeks)	Months of Treatment
Up to 1/4 acre	2 packets	3
Up to 1/2 acre	4 packets	1.5
Up to 3/4 acre	6 packets	1

WATER USE RESTRICTIONS:

PondClear™ may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with PondClear™ may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. *Do not apply to water that will be used for human consumption.*
