

Biological Clarifier™ naturally clears water, removes odors and breaks down suspended dead debris and decaying leaves with billions of bacteria colonies and added enzymes. The result is a cleaner pond, healthier fish, improved dissolved oxygen levels and reduced ammonia levels.

Biological Clarifier™ comes in easy-to-use water soluble packets and can be used in ponds, fountains, bubblers and disappearing waterfall features.

Biological Clarifier™ is safe for use with fish, plants, birds or domestic animals that drink from the pond.

Application Rates

1 Packet	Treats up to 1,000 Gallons
2 Packets	Treats up to 2,000 Gallons
4 Packets	Treats up to 4,000 Gallons
8 Packets	Treats up to 8,000 Gallons

POND SIZE CALCULATION:

$L \times W \times \text{Avg. Depth} \times 7.5 = \# \text{ of Gallons}$

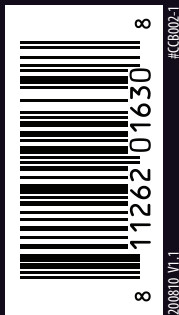

Routine Application Rate: Apply Biological Clarifier™ every 1-2 weeks

Persistent Problem Application Rate: If a problem arises between routine applications apply Biological Clarifier™ at prescribed rate up to every 3 days until the problem is under control.

For Best Results: Apply Biological Clarifier™ directly into filter if possible or apply directly to the pond in an area of the greatest circulation. Optimal Water Conditions: pH: 6.5 – 8.5, Dissolved Oxygen: 5 PPM, Temperature: 50 °F.

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in loss or injury to aquatic life. CrystalClear®, Inc. is not responsible for any loss of aquatic life.
